- 2 **FITTING THE WHEELS:** Slot the uprights into the rear wheel crosspiece (fig_a), ensuring that it is facing the right way, then push the rear wheels on and make sure that they click into place (fig_b). To mount the front wheels, fit them into the uprights until they lock into place (fig_c).

Press the silver buttons under the metal basket tube located at the back of the stroller (fig_a) and remove the metal tube (fig_b).
